

HOME HEALTHCARE - PROFESSIONAL DIAGNOSTICS

Benefits

- Rediscover independence with our complete range of professional diagnostics products
- Our sales specialists will help you select products that meet your unique needs
- Competitive pricing, fast shipping and superior customer service

Overview

Diagnostic medical equipment helps clinicians measure and observe various aspects of a patient's health so they can form a diagnosis.

If you are looking for an instrument to calculate blood pressure, one to listen to the action of someone's heart or breathing, one to perform a visual examination of the eardrum, or one to inspect the retina and other parts of the eye, we have your professional medical device needs covered.

Our MABIS® CALIBER™ Series Stethoscopes are die-cast zinc alloy with a chrome-plated chestpiece that makes them functionally sensitive and uniquely attractive. On average, you can save over 65% when buying one of our MABIS® Stethoscopes vs. the leading brand.

Easily order the medical diagnostic equipment you need online today with Colortrieve or call us at 800-225-4805.
